

AFFEW Meeting            May 29, 1997

Pat Willick's house    7:30 PM

We discussed the article in May 29 Ludington  
Daily News on drilling for oil under Lake Michigan.  
We should all call or write a letter protesting.

Larry explained advantages and disadvantages of  
becoming political activists.

Julie talked about the H<sub>2</sub>S (sour gas) situation.  
They have formed a group called AIRE.

(Advocates for Intelligent Responsible Environment)  
Julie wondered if we could combine efforts with them  
but Larry cautioned about getting involved in advocacies  
if we want to become 501-c-3 status.

Meeting adjourned 8:30 P.M.

Present:

Larry Kivela, Dave Hall, Julie Johnson, Carol  
Omohundro, Maggie Blain, Pat Willick

Absent:

Keith Keegstra
